

SANTA ANA ROTARY 1959

Speaker-Club President, George Wilson

We have a new projector, finally! Thank our club president, George, who used it right away to give us a surprise presentation on his background, warning us that some photos may be embarrassing for him!

The photos illustrated his parents and George and his brother growing up in New Jersey, Chile, Peru, Mexico City and New Jersey again, before he finally settled in Mission Viejo. Hi mother, from Chile, met his father – and I don't remember if he was from Chile also? – in New York. They initially settled in New Jersey, where George was unceremoniously born in an ambulance in front of the hospital! His mother qualified as a lawyer but never practiced and his father was an Engineer for a large industrial firm. Georges' schoolmates thought his father was a CIA agent, as George was fluent in Spanish and because the family lived in so many different countries.

George studied French while living in Grenoble, obtained a BA in Political Science from Rutgers University and an MBA from UCI. He is now a commercial

insurance broker – and a member of the Lima Cricket Club.

We also had two guests today; **Terry Snyder**, our assistant governor and **Michael Haight**, a photographer, who is interested in joining our club. The above photo is courtesy of Michael – thanks Michael!
