Picture: Penny Byram was named Asian Entrepreneur of Year for companies with less than 50 employees by Asian Enterprise Magazine on September 27, at the Beverly Hills Hilton.

Penny Byram rose from a life of poverty in the Philippines to become a highly successful and generous entrepreneur. Penny established Professional Health Care Services, Inc., in 2000 as a caregiving registry dedicated to offering quality care to the sick and elderly. Today PHCSI fulfills long-standing, unmet needs, providing non-medical custodial care to seniors as well as respite care for their family members. Believing that there is dignity in serving people and that caregiving is an honorable profession, Penny takes a passionate, hands-on approach to every aspect of the company. She is active in Rotary, the Filipino-American Chamber of Commerce, the Asian Women Entrepreneurs, and her church and has won many awards.

Her personal mottos are:
 If there's a will - there's a way, then make it happen!
 Success is being who you are and what you want to be - and the willingness to share your success with others and give back to the community.
